

Epson Stylus® NX515

Print | Copy | Scan | Photo | Wi-Fi®

Smart. Simple. Amazing.

Be smart and simplify your life with the Epson Stylus NX515 all-in-one with built-in Wi-Fi and Ethernet networking. Share one printer to print, scan or access memory card slots¹ from anywhere in your home — all without wires. The NX515 prints up to 2x faster than competitively priced models², with maximum print speeds of 36 ppm black/color and laser quality speeds of 15 ppm black and 9.3 ppm color[†]. With the NX515, you get remarkable results every time. Print outstanding documents and amazing photos. With its large, 2.5-inch LCD screen and built-in memory card slots, you can even print stacks of borderless photos, PC-free. And, with photo enhancement tools better than the competition, like Automatic Photo Correction and photo restoration, you're sure to get perfect prints every time.

Get more for your money

With the Epson Stylus NX series, you get impressive features, superior quality and performance, and a better value overall, compared to competitive products at the same price point. The NX515 boasts the fastest print speeds in its class (up to 2x faster than competitively priced models²), built-in Wi-Fi and Ethernet networking, high quality scanning, better image enhancement tools and a large, 2.5-inch color LCD screen.

Wireless access from anywhere in your home

Eliminate unnecessary wires and be more efficient, while sharing one printer at home. With built-in Wi-Fi and Ethernet networking, you can print, scan and access memory card slots wirelessly¹. It's never been easier to use your all-in-one from anywhere in your home and share one product with multiple PCs.

Everyday projects made easy

The Epson Stylus NX515 is ideal for all your everyday projects. Scan and save important documents and photos. Make a high-quality copy, in color or black-and-white, with just one touch. Or, make multiple copies with ease. You can even reduce and enlarge documents and photos instantly — from 25 to 400 percent. Use the included software to create photo calendars and more. And, pair your all-in-one with Epson specialty paper to create colorful fliers and greeting cards.

Quality and speed — the fastest print speed in its class²

Print documents with crisp, sharp text and photos with vivid, true-to-life color. The Epson Stylus NX515 delivers exceptional quality output, without sacrificing speed. Engineered with award-winning MicroPiezo[®] ink jet technology, this powerful performer prints up to 2x faster¹ than competitively priced all-in-ones with maximum print speeds of 36 ppm black and color and laser quality print speeds of 15 ppm black and 9.3 ppm color[†].

Amazing borderless photos, PC-free!

Borderless photos are easy to achieve, with or without a computer! Print borderless photos in multiple sizes right from your memory card or camera. With a 2.5-inch LCD, PictBridge™ support and built-in memory card slots, it's easy. Amaze your friends and family with PC-free photo restoration. Automatically bring the color back to old, faded photos at the touch of a button, without a computer.

Epson

Competitor

Better image enhancement tools

Epson sets the highest standards for image quality compared to competitive products. Get amazing results automatically. Auto Photo Correction will correct the lighting in poorly exposed images to ensure you never print a bad photo. And, it includes advanced face detection, which distinguishes people from scenery, correcting the color accordingly to ensure

beautiful, natural skin tones for results better than the competition. Also, with just the click of a button and no special software, you can even remove red eye.

Replace only the color you need!

The Epson Stylus NX515 is smart to own. Individual ink cartridges give you control over ink usage. There are even multiple sizes available to accommodate your budget and specific print volume needs. Best of all, only one set of cartridges is needed to print amazing documents and outstanding photos. There's no need to spend additional money on specialized cartridges to print photos.

Worry-free handling

While many competitive inks often take several minutes to dry, prints made with DURABrite® Ultra pigment ink allow you to handle documents and photos immediately after printing. Prints are smudge and water resistant — and even highlighter friendly. Plain paper documents resist fading up to six times longer than leading competitive prints³, making it easier than ever to archive important documents.

Save paper with two-sided printing

With the Epson Stylus NX515, it's easy to print on both sides of the paper, saving money and paper. In fact, with manual, two-sided printing, you'll save up to 50 percent of your paper supply¹.

Product protection you can count on

The Epson Stylus NX515 comes standard with a one-year limited warranty. It also includes a quick and convenient product exchange program. So, you can rest easy, knowing you have dependable service and support.

Features/Benefits

- **Wi-Fi and Ethernet built in** — share one printer with multiple PCs, wired or wirelessly; print, scan and share memory card files between your PC and printer, wirelessly¹
- **Fastest print speeds in its class** — up to 2x faster than competitively priced models²; maximum print speeds of 36 ppm black/color, laser quality print speeds of 15 ppm black and 9.3 ppm color[†]

Eco Features

- Save up to 50% of your paper supply with manual, two-sided printing¹
- Designed to be recycled⁵
- ENERGY STAR® qualified
- RoHS compliant

†How are Maximum Print Speeds Measured?

Maximum pages per minute (PPM) are measured after first page with text patterns in Draft Mode on plain paper. Actual print times will vary based on system configuration, software, and page complexity.

Maximum
Print Speed
(Black/Color)

†What is ISO/IEC 24734?

ISO/IEC 24734 is a new international standard for measuring print speed. Laser quality black and color print speeds are determined in default, single-side mode in accordance with ISO/IEC 24734.

Laser Quality
Print Speed
(Black/Color)
ISO/IEC 24734

See www.epson.com/printspeed for details, including complete ISO reports.

1 Some functions may not be supported by Mac®, like two-sided printing and accessing memory cards when the All-in-One is networked.

2 Printing black text in default mode compared to ink jet all-in-ones priced at \$149 or less as of January 2009.

3 Ink fade resistance ratings based on accelerated testing of unframed color prints in indoor display conditions. Claim that documents resist fading up to six times longer is based on accelerated testing of unframed color prints on plain paper in indoor display conditions. Actual print stability will vary according to light intensity, temperature, humidity and other factors. Epson does not guarantee the longevity of prints. See www.wilhelm-research.com

4 Scan to e-mail works with MAPI-Type e-mail programs such as Microsoft® Outlook, but not with web-based e-mail programs such as Yahoo or Gmail™.

5 See our website for convenient and reasonable recycling options at www.epson.com/recycle
