

Artisan® 810

Print | Copy | Scan | Fax | ULTRA HD Photo | Wi-Fi®

Imagination meets innovation.

Unleash your creativity with the Artisan 810, a sleek, high performance all-in-one that powers through Ultra Hi-Definition 4" x 6" photos in as fast as 10 seconds.[†] With convenient Wi-Fi and Ethernet networking, you can print, scan, and access memory

card slots¹ from any room in the house. Use the smart, 7.8" touch panel to view, edit and restore faded color photos, print CDs/DVDs, and so much more. The Artisan 810 even offers automatic, two-sided printing so you can save on your paper supply. And, when you're in a hurry, you can use the Automatic Document Feeder to quickly copy, fax and scan stacks of documents. This versatile all-in-one includes other innovative features for creating one-of-a-kind projects like coloring book pages and notepaper using your own photos. And, it's fast. With maximum print speeds of 38 ppm and laser quality speeds of 9.5 ppm black and 9.1 ppm color,[†] the Artisan 810 keeps up with your busy life. It's so convenient you can even use it to charge a cell phone, MP3 player or other portable device without tying up an additional power outlet.² Packed full of features, this amazing all-in-one is all you need for all your everyday projects.

Smart, 7.8" touch panel and 3.5" LCD

With the Artisan 810, you get creative tools right at your fingertips. The smart, 7.8" touch panel lights up only the buttons you need to get the job done fast. And, it includes an easy-to-view, 3.5" LCD to preview, edit and print photos, restore faded color photos, and more, PC-free.

Built-in Wi-Fi and Ethernet networking

Easily share your all-in-one with multiple computers. Go wireless with convenient Wi-Fi networking. Print, scan, and access memory card slots¹ from any room in the house. Also includes an Ethernet connection for wired networking.

Quality beyond compare

The Artisan 810 delivers vibrant color photos and crisp, clear text. In fact, it's #1 in photo quality.³ Working with six-color Claria[®] Hi-Definition Ink, the "smart nozzles" in Epson's exclusive DX5[™] MicroPiezo[®] print head deliver up to five ink droplet sizes, some as small as 1.5 picoliters. This technology makes it possible to achieve exceptionally smooth gradations, amazingly accurate skin tones and sharp, grain-free photos. And, when it comes to scanning, the Artisan 810 offers powerful 4800 dpi resolution to capture incredible color and detail.

Professional looking CDs/DVDs

Now, there's no need to use messy labels or markers in order to personalize CDs and DVDs. With this innovative feature from Epson, you can make professional looking discs that are easy to identify by printing your images and text right onto ink jet printable CDs/DVDs. (Software included)

Fast color faxing

Fax documents (in black-and-white or color) in as fast as 3 seconds per page or receive up to 180 pages in memory. Store up to 60 numbers with the convenient speed dial list. And, with the included PC Fax,⁴ you can even send a fax right from your computer without having to print out the sheet and then fax it. It's a great way to save time and paper!

Versatile paper handling

With automatic, two-sided printing, you can easily save up to 50 percent of your paper supply. And, with two automatic paper trays, the Artisan 810 is always ready to print on plain or photo paper. Just select your paper type and size, and the Artisan 810 automatically prints from the corresponding tray. Plus, with a 30-page Automatic Document Feeder, you can quickly print, copy, scan or fax stacks of documents.

Easily charge portable devices

Do more with your all-in-one. Easily charge a cell phone or MP3 player without tying up an additional power outlet.² Simply use the front USB port on your all-in-one!

One-of-a-kind projects

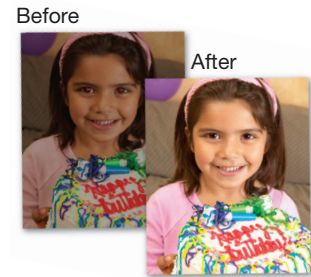

Now, you and your family can star in your own creative projects. Transform your own photos into coloring book pages. Create personalized notepaper, invitations, greeting cards and more, in a snap. It's simple with the smart, 7.8" touch panel. And, you can use the 3.5" LCD to view and print photos, creative projects and more, without ever turning on your computer!

Perfect photos, every time

Now, you don't have to discard poorly exposed photos. Thanks to smart photo enhancement features from Epson, you can make your pictures look the way you intended them to look. Built-in Auto Photo Correction automatically evaluates and corrects digital images — better than the competition. It even includes advanced face detection, which distinguishes people from scenery, correcting the color accordingly to ensure beautiful, natural skin tones. With the Artisan 810, you can also remove red eye. And, with convenient color restoration, you can easily bring old, faded photos back to life. It's like having your own photo lab right at home.

Worry-free handling of photos

The Artisan 810 gives you professional quality photos that are smudge, scratch, water and fade resistant, so you can handle them right after printing. Place them in an album or share them with family and friends, worry free.

Prints that outlast photo lab prints

Prints made with Claria ink last up to four times longer than those from a traditional photo lab.⁵ Photos last up to 98 years in display under glass and over 200 years in an album. Photos from the leading competitor last only 65 years on display under glass. With Epson, you can feel confident in sharing your prints for generations to come. Six-color Claria Hi-Definition Ink, together with Epson premium photo papers, offers the ultimate combination of photo quality and longevity.

Epson printers, ink and specialty papers
Designed for Excellence™

Fast print speeds

This speedy all-in-one keeps up with your busy life. Print brilliant 4" x 6" photos in as fast as 10 seconds.† The Artisan 810 is just as impressive when it comes to everyday documents like e-mails, driving directions, term papers and more, delivering maximum print speeds of 38 ppm and laser quality speeds of 9.5 ppm black and 9.1 ppm color.†

Print from an iPhone™ wirelessly

With the Artisan 810, you can print from your iPhone or iPod touch[®], and, you'll get stunning results. Through the e-Print and Print-and-Share applications available on the iTunes[®] AppSM store, you can print everything from business documents and PDF files to amazing photos, photo calendars and more.

Sleek, compact design

Enjoy the best of both worlds: compact design and powerful performance. With Artisan, you get quality and speed, without sacrificing space or a stylish design. Sleek and chic, Artisan fits your lifestyle and your décor.

Product protection you can count on

Get a two-year limited warranty and toll-free telephone support⁶ when you register your Artisan 810. You also get access to an exclusive web site for creative home and business project templates, “how-to” articles and videos, exclusive offers and more. The Artisan 810 even includes quick product exchange. So, you can rest easy knowing you have dependable service and support.

Individual ink cartridges — replace only the color you need

Six individual ink cartridges give you control over ink usage. Replace only the cartridge you need! Claria ink is also available in high-capacity cartridges to accommodate higher volume print needs, giving you about 60% more prints than with the standard-capacity cartridges.

Advanced MicroPiezo print head technology

Advanced MicroPiezo print head technology, exclusively from Epson, ensures sharp, accurate ink placement, while optimizing print speeds. With “smart” nozzles, this powerful technology delivers droplets in as many as five sizes, some as small as 1.5 picoliters. So, you get remarkable precision, sharper detail, smoother gradations and outstanding image quality — every print, every time.

Features/Benefits

- **Smart, 7.8" touch panel** — large display lights up only the buttons you need; includes a 3.5" LCD to preview, edit and print photos

- Save even more by printing multiple pages on a single sheet
- PC Fax eliminates printing before sending a fax⁴
- Supports printing on recycled paper
- Designed to be recycled⁸
- ENERGY STAR[®] qualified
- RoHS compliant

[†]How are maximum print speeds measured?

Maximum pages per minute (PPM) are measured after first page with text patterns in Draft Mode on plain paper. Color photo in Draft mode on Premium Photo Paper Glossy measured from start of paper feed. Actual print times will vary based on system configuration, software, and page complexity.

What is ISO/IEC 24734?

ISO/IEC 24734 is a new international standard for measuring print speed. Laser quality black and color print speeds are determined in default, single-side mode in accordance with ISO/IEC 24734.

See www.epson.com/printspeed for details, including complete ISO reports.

¹ Some functions may not be supported by Mac[®], like accessing memory cards when the all-in-one is networked.

² User supplied cable required to fully or partially charge USB devices that comply with USB 2.0 standards, rated 500 mA or less.

³ See www.epson.com/artisan for details

⁴ For sending faxes, on Windows[®] only.

⁵ Based on accelerated testing of prints displayed under glass in indoor display or in album conditions. Actual print stability will vary according to media, printed image, display conditions, light intensity, temperature, humidity and atmospheric conditions. Epson does not guarantee the longevity of prints. For maximum print life, display all prints under glass or UV filter or properly store them.

⁶ One-year limited warranty to all purchasers; toll-free support and second-year warranty require registration within 60 days of purchase. With registration, Epson provides free customer phone support for the life of the product. Under warranty, calls are toll free. Offer valid only in the United States.

⁷ Calculated printing/copying five sheets of letter-size color documents per day; one day defined as 8 hours with the power on and 16 hours with the power off. Power consumption will vary according to the customer's product usage. Based on a 2008 national average electricity cost of 11.47 cents per kWh.
