“ In our field, Newegg is one of the best platforms to sell through, so it kind of goes without saying we needed to have our products listed. I had not heard of Newegg Marketplace when we first started and frankly I would not have wasted so much time pursuing the wrong contracts and people if I would have known how easy it is to get in. ”

Marketplace by country

United States

Our flagship marketplace, established in 2011, encompasses 18 industries, over 750 categories, and more than 3,000 subcategories. With new popular trends rapidly emerging, you can serve the largest consumer base in the world and influence shopping behavior.

Canada

Canada presents a unique blend of allure and mystery for U.S. and global businesses alike. Flourishing sectors such as automotive, technology, and name brand general merchandise make this unsaturated and growing e-tail market an excellent business investment. Tap into this savvy and eager consumer base through our award-winning platform.

Australia

Australia represents an untapped opportunity for the e-commerce industry. With more Australians shopping from their computer than ever before, the time is right to take advantage of this expanding market. Newegg Marketplace has everything you need to grow your business in the land Down Under.

Sell to businesses

NeweggBusinessSM was established in 2009 to satisfy the growing needs of businesses, government, education, healthcare, and other vertical markets. It is an ideal solution for professional sellers who want to reach a diverse and loyal business customer base.

Partner with us. We are looking for:

- Industry-leading internet retailers
- Traditional brick-and-mortar retailers
- Seasoned trend-setting marketplace sellers
- High-volume and wholesale sellers
- Quality manufacturers and distributors with customer support capabilities
- Manufacturers specializing in products for business use

“ Newegg is a unique and highly qualified partner for Noco. Their long term dedication to electronics sales online with high quality product and unrivaled customer service has proven extremely effective in the marketplace and provided positive growth for Noco. Newegg's commitment to service and reach for Direct To Consumer sales has helped us expand in areas that we could not have done on our own! ”

“ In today's "e-commerce economy," companies must start moving from a competitive to a collaborative landscape in order to gain market share and understand their customer's needs. Newegg's business model and employees share the same philosophy as Quantum's core values. This aligned partnership has helped maintain Quantum Networks' position on the Inc. 500 as one of the fastest growing companies in the United States. ”

Sell internationally

International listings are available to all U.S. domestic marketplace sellers. Get immediate access to additional consumers.

Customizable international settings – set your qualifying product catalog to any specific region you would like to service.

Simple customs & duties processing – receive estimates on custom duties during customer checkout, and automatically provides customs clearance for customers as needed.

Global sellers, we can help

Sell to the largest consumer market in the world. Our Global Seller Program brings together thousands of businesses and millions of products through an award-winning international platform to meet the needs of North American consumers. We have a proven track record in helping global sellers succeed by providing:

- Fast integration
- Fulfillment service
- Customer service
- Product merchandising
- Brand marketing
- Expert advice from a dedicated team of global account managers

Eliminate the barriers of entry common to traditional trade in the U.S. You'll also dodge high costs and risks in association. We'll show you the shortcut in setting up your business while minimizing cost and effort.

Affiliates

Get your products seen on today's most popular deal sites, like Slickdeals, DealsPlus, RetailMeNot, Ebates, and more. As one of our highest converting channels, affiliate networks get you the exposure and the sale. Marketing Development Funds guarantee you high profile spots on high traffic sites, with a greater chance of converting. Coverage may include deal posts, emails, giveaways, and more.

Google shopping

A highly effective channel available to sellers is Google Shopping (PLA). As a strategic marketing tool, this opportunity gives added exposure to specific products, targeted towards exactly what customers are searching for. This puts Newegg-listed products in a prime position to be seen and purchased, on any device at any time.

★★★★★ The Cats Pajamas

This review is from: Seagate Wireless Plus STCK1000100 1TB Mobile Device Storage with Built-In Wi-Fi Streaming

Pros: This is the hard drive future tech as we will know it. They got it right for the great portion.

Just download the app from your store you use for apps, make sure it is the Seagate Media app, as they warn you.

Takes a little while to start up, give it some time, all wireless devices take time to sort out whats up..

Is made to increase your storage capability for you smartphone or tablet so that you and friends can enjoy many different movies, videos, pictures, business data, and more all at once.

It makes it more reasonable now to only get the RGB model of that pad or phone and use this to multiply the storage. The price is low I think, considering what all you get and that it actually works.

Tested with Samsung Galaxy III smartphone, a Motorola Razor M, and a Kindle HD tablet. Worked with all of them.

Worked throughout a large home but not into yards so much, went thru two walls and 40 feet and streamed well the whole time until taken outside.
