### Newegg Shipping Label Service Terms and Conditions

These terms of the Newegg Shipping Label Service are in addition to the terms of the Newegg Marketplace Seller Agreement and any other agreement between the Seller and Newegg (collectively, "Agreements"). In the event that any term herein conflicts with any term of the Agreements, the applicable term herein will prevail. Terms not explicitly included herein are governed by the terms of the Agreements.

1. At Newegg's option, you may be allowed to place shipments - at your expense - using approved Newegg carrier.
2. Seller must, and represents that it will, fully comply with all relevant terms and conditions of the applicable Newegg carrier. You may reference the applicable carrier's terms and conditions with the following link.
  - UPS: <https://www.ups.com>
3. Shipping discounts may be available for certain carriers; specific processes and information may be required. Procedures, weight and dimension restrictions, and other requirements may vary depending on the carrier.
4. Actual shipping costs may vary from estimated shipping costs. Seller will be responsible for shipping fees at a rate equal to the cost of the greater of (a) the estimated weight and dimension as provided by Seller or (b) the actual weight and dimension as determined by the carrier.
5. As between Seller, Newegg, and Newegg's carrier, Seller will be the shipper of record with respect to all products shipped by Seller using a Newegg carrier.
6. Seller authorizes Newegg's carrier to provide Newegg with all shipment tracking information.
7. Title and risk of loss for any products shipped using Newegg's carrier will remain with Seller and Seller's use of Newegg's carrier will not create any liability or responsibility for Newegg with respect to any delay, damage, or loss incurred during shipment. Additionally, the service does not provide special handling with its shipments, such as a signature option or a declared value option. In the event of lost or damaged shipments, Newegg may file the claim with the carrier on behalf of the Seller, if so requested. Any financial reimbursement to a Seller for a lost or damaged shipment is limited to the approved amount issued by the carrier on the claim.
8. A shipping label fee is automatically debited from the Seller's account once the sales order has been invoiced. If for any reason, the shipping label has not been used, it is the Seller's responsibility to notify Newegg for a fee reversal request. Upon Newegg's review and approval, the fee reversal will be reflected in Seller's account.
9. Seller may not use Newegg's carrier account information (e.g., carrier account number, shipping rate, etc.) for any purpose, nor disclose such information to any third-party, and Seller will protect such information as Newegg's confidential information in accordance with Section 8 of the Newegg Marketplace Seller Agreement.

Newegg reserves the right to discontinue Seller's participation in the Newegg Shipping Label Services program at any time, for any reason (including Seller's breach of these program terms). Newegg may modify the terms, conditions, requirements, and benefits of the Newegg Shipping Label Service at any time, at its sole discretion.

☐ I acknowledge and agree to these terms and conditions of participation in the Newegg Shipping Label Service.
